

HydroMagnetic Water Filtration Systems

Whole House Water Filtration System

Sparkling Fresh Water

Our conditioner refines, filters, clarifies, and polishes your own tap water, making it crystal clear and odor free as any Mountain Spring bottled water. It also removes bacteria, environmental pollutants including detergents, iron, and other suspended matter.

For environmental control of your household water supply, you can't go wrong with a Hydromagnetic Water System.

Warranty on control valves - 5 years

Warranty on tank - 10 years

Your Guarantee of Quality and Value

- Pure Clean Water
- No Salt
- Superior Design and Construction
- Safe for You and the Environment
- Less than \$10 per Year in Electricity to Operate

Digital or Mechanical Control Valve & Timer

Easy to use and reliable backwash controls.

Solid Tank Construction

The tank is made of polyethylene surrounded by fiberglass with a polished stainless steel outer sleeve.

Magnetic Module

Tames the hardness of water by reversing the polarity of water molecules.

Granular Activated Carbon

High grade coconut shell. Removes chlorine, organics, odor, and improves taste.

KDF 55

Prohibits bacteria growth & removes over 98% of dissolved lead, mercury, arsenic and other heavy metals.

Quartz Filter

Creates a higher flow rate and sediment removal.
